S i r,

I have the honor to forward herewith the Budget Estimate of the Elementary Education Fund account of the Harpanahalli Taluk Board for the year 1930-31 for favour of approval and transmission to Government for sanction. Copy of the Council's Resolution on the subject may be forwarded to this office for communication to Government. The contribution from General account of the Taluk Board to the Elementary Education Fund account has been increasing year after year owing to revision of scale of pay of some of the deserving teachers and strengthening staff etc., in some schools. The Government grant of Rs. 18700/- under the proviso to section 37 of the Act is found to be quite insufficient for the special grant schools and the deficit is being supplemented by the Taluk Board's General funds. On principles, I wish to point out that the Government grants should be not less than the actual needs of such schools. I have therefore the honour to request that you will be so good as to move the Government to increase their grant at least from Rs. 18700/- to Rs. 22,000/- per annum. I fear that if the existing state of affairs were to continue for sometime more the expenditure will have to be curtailed again by closing some of the schools. Hence, I request that the matter may kindly be favourably considered and the increase of grant recommended to Government. I may also point out here that the question of levy of the Elementary Education cess was considered by the Board in their last meeting held on 4-11-29 and they have decided to drop the question till the proposal of revision of the Elementary Education Act under considera-
